Industry's leading companies - **Top 25**

Click on the link below to view what the HMS staff considers as the top 25 companies of our industry when it comes to quality of product, innovation of the products they build, and the support for their products in the market. It's not so important where these companies are ranked, we made it intentionally random, it's just that they made the list. Please keep in mind companies like Permobil and Sunrise are conglomerates that represent many companies. We have asterisked those companies and listed them at the end of the list. Canadian companies are tagged. [Top 25 Manufacturers](#)

New Sales Employee - **Coming back to our industry**

Her name is Carrie Buzunis and she worked in our industry when Luke's was supplying medical equipment. Carrie has also worked as a massage therapist for over 15 years and has worked as a paramedic as well. She meshes well with the professional approach of HMS and is looking to run the showroom at our store.

On the weekends, she races competitively and enjoys spending time with her family and friends. She starts in a couple of weeks so please say hi to her at our next inservice on Commodes (Oct 26th). You'll see that she can already handle any request and she'll beat everyone off the line!!

Scheduled In-services at HMS

Commodes - October 26th (12pm-1pm)

This inservice will discuss a premium line of commodes and an AADL benchmark approach to commode challenges in each of the areas of the Section G codes. This will be offered online as well through zoom. Zoom Option: <https://us02web.zoom.us/j/87339864346>

Sleep Surfaces - November 29th (12pm-1pm)

This inservice will go over the complete line of sleep surfaces, from simple overlays to complex low air loss mattresses. Permobil, through its acquisitions, now can cover this entire line of product and we will have Leigh from Permobil present with the HMS staff . This will be offered online as well through zoom. Zoom Option: <https://us02web.zoom.us/j/83589513382>

Handicare Inservice Slings - Ability Members

Presentation is attached to the body of this email as well as the invitation for the Part 2 of the inservice. Please check the links there to attend the online inservice presented by Handicare and our buying group, The Ability Members!

Permobil/Tilite do it again!! A carbon fiber wheelchair with an oval tubular design and a double front angle. Video Link: [TiLite CR1](#)
